WHO WE ARE:

WHAT WE DO:

- For over **45 years**, Chase F. Gains LLC has completed a wide variety of glass work since **1977**, providing professional services, selecting the correct type of glass, and designing the best product for your home or office space.
- We provide a range of product options at competitive prices, with unmatched performance, excellent design flexibility, and resistance to inclement weather. We gain a reputation with products we sell and install backed by an A+ rating by the BBB, membership in the National Glass Association, and The Guild of Master Craftsmen.
- Our team of experts constantly attends seminars to stay up to date with the most recent developments in the industry. Our quality craftsmanship puts the same attention to detail regardless of the project's size.
- We strive to exceed expectations and ensure that each project is installed to your complete satisfaction, from concepts and blueprints to low-maintenance commercial or residential settings.
- We work promptly and efficiently and can respond to emergency service requests. We can frequently start working the same day we provide a free estimate.
- We guarantee a longer lifespan to our services for at least one year, and each product comes with other supplementary warranties. We will provide a quotation to start and step by step process guide to ensure your glass solutions offer beauty and durability for years to come.
